The Tulane University School of Science and Engineering invites high school students to participate in the TULANE SCIENCE SCHOLARS PROGRAM Summer 2018

The Tulane Science Scholars Program is a selective program for high school students who have exceptional talent in the sciences and mathematics. This program gives high school students the opportunity to take college-credit courses at Tulane before high school graduation. It is a residential program and students will have the option to live on campus in a dormitory for an additional fee. Tuition is $1500 for Louisiana residents and $1700 for out-of-state students. Need-based scholarships are available! This summer’s program includes nine 3-credit courses:

**Session One: July 9th – July 20th**
- CENG 1015: Principles of Chemical Engineering
- ENGP 1010: Introduction to the MakerSpace – NEW!
- NSCI 1015: Basic Neuroscience
- PHYS 1015: Materials Science and Engineering
- PSYC 1100: Exploring Psychology

**Session Two: July 23rd – August 3rd**
- EBIO 1080: Intro. to Plants and Human Affairs – NEW!
- ENGP 1015: Intro. to Engineering Design – NEW!
- SCEN 1015: Computers and Musical Creativity
