### L&L
Every week we will have lunch and learns. Lunch will be provided at each of these. We will also have a featured speaker or panel. Be sure to bring those empty stomachs!

### Lab Tours
Labs in the School of Science and Engineering have offered to give tours of their labs with small groups of students for about ½ an hour.

### Weekly Dinners
At least once a week we will have a dinner that will be hosted in the kitchen/common room of Weatherhead (building 59). The food will be catered. All that you need to bring is an appetite and maybe that week’s homework!! The weekly dinners are free to the students living on campus, and the students not living on campus are welcome to participate, they just need to pay for their meal.

### Weekend Activities
Every weekend there will be a group activity. These can range in length and type of activity. We have tentative activities planned, but can also be changed depending on input from students. Be sure to check out the activity before showing up for shuttle pick-up!! The weekend activities are free to the students living on campus, and the students not living on campus are welcome to participate, they just need to pay their own way.
